STEVENS-WILSON CO.

WILL TELL GERMANY WHERE TO HEAD IN

ARMISTICE WILL BE EXTENDED, BUT NO FURTHER TRIFLING WILL BE TOLERATED.

By the Associated Press

PARIS, Feb. 13.—The Supreme War Council, says a Havas report, has decided that the armistice with Germany will be renewed February 17 for a very brief period with the allies reserving the right to suspend it at any time in event Germany does not carry out the terms of this and previous armistices. It is said the terms will provide that Germany cease hostilities against the Poles and maintain her armies within definitely fixed limits. During the provisional armistice period a special commission will definitely draft conditions of the armistice to last until the signature of a preliminary peace treaty.

Reports say that President Wilson considers that non-execution of the terms by Germany would justify resumption of the war and it is said he would not hesitate to order the American army to take up arms again if the Germans prove treacherous.

AGREEMENT ON LABOR

PEACE CONFERENCE COMMISSION ADOPTS SWEETING PROPOSAL BY BRITISH.

By the Associated Press

PARIS, Feb. 13.—The agreement reached yesterday by the commission on international labor legislation of the peace conference to accept article four of the British draft to settle the future status of international labor, marks the passing of an obstacle which labor expected would provoke a bitter contest. Article four provides that at a proposed international labor conference government representatives, employers and working people can speak and vote independently of views expressed by other delegates of their nations and have power to draw up conventions binding on the nations' representatives. The British draft covers a wide field, including provisions for relief of unemployed by a system of registration and cooperation between employers in different lines of industry to meet fluctuating labor demands, a system of inspection to insure execution of plans and recognition of the rights of men to organize and picket.

MEETING OF FARMERS CALLED

COTTON GROWERS TO ASSEMBLE IN COURT HOUSE TO PLAN FOR 1919 CROP.

In accordance with instructions sent out by Governor Robertson and the Department of Agriculture, J. B. Hill, County Farm Agent, has called a meeting of the farmers for 2 o'clock Saturday afternoon at the Court House. The object of the meeting is to discuss the cotton situation and to select a delegate to a meeting to be held later in Oklahoma City.

The Governor is of the opinion that the welfare of the cotton grower depends upon the reduction of cotton now in warehouses. To plant a big acreage this year and raise another big crop is to invite disastrously low prices.

Mr. Hill believes that every cotton grower who can possibly come to this meeting should be present. The time has come when the farmers must plant those crops which are most certain to be money makers, Mr. Hill thinks.

+ Good Roads Meeting. +
+ The good roads association of +
+ Pontotoc county will meet to- +
+ morrow afternoon at 1 o'clock +
+ at the court house. Col. Sidney +
+ Suggs of Ardmore will attend +
+ this meeting and confer with +
+ the organization on the matter +
+ of roads. Every citizen who +
+ favors good roads is urged to +
+ attend this meeting. +

AWFUL TOLL OF FLU EPIDEMIC

WASHINGTON, Feb. 13.—Spanish "flu" has caused more deaths in this country during the last four months than America's losses by death in nineteen months of the war. Figures made public here today showed the extent of the scourge and its companion disease, pneumonia, in this country.

The figures compiled by the public health service, disclosed that in forty-six cities of this country alone there were 125,562 deaths from September to January. These figures do not take into consideration any of the country or rural sections of the country or any of the small towns or cities. It is estimated that a complete census of the flu's ravages in the United States would disclose between 250,000 and 300,000 deaths in the September-January period.

New York led the cities in which a census of deaths was taken, with a total of 27,362. In point of percentage, San Francisco suffered most having 28.8 deaths per 1,000 of population.

Bring in that picture and let me frame it for you.—C. A. Cummins. 1-15-1f

BOLSHEVIST UNDER ARREST

GERMAN POLICE LOCATE MUCH SOUGHT AFTER AGITATOR IN BERLIN.

By the Associated Press

BASLE, Switzerland, Feb. 13.—Karl Radenk, Russian Bolshevik emissary who has been accused by German authorities of being the instigator of numerous radical outbreaks in German territory, has been discovered and arrested by Berlin police according to a Berlin dispatch today. His whereabouts have been a mystery for some time.

INSURRECTION IN RUMANIA

VIENNA REPORT SAYS REVOLT SPREADS AS RESULT OF BOLSHEVIRI AGITATION.

By the Associated Press

BERLIN, Feb. 13.—A general insurrection is in progress throughout Rumania, according to a special dispatch from Vienna. King Ferdinand was wounded slightly in attempting to flee from Bucharest to Jassy with the royal family.

Rioters in Bucharest streets are openly demanding the overthrow of the dynasty. The newspaper Village of Budapest learns that the revolt is part of the Bolshevik propaganda. In a clash between military and demonstrators at Bucharest sixty were killed and 150 wounded.

CROWDER REAPPOINTED JUDGE ADVOCATE GEN.

By the Associated Press

WASHINGTON, Feb. 13.—President Wilson appointed as Judge Advocate General of the army Major General Enoch S. Crowder to succeed himself for another four years term beginning February 15th.

To Keep Pens From Corroding. Steel pens are destroyed by corrosion from acid in the ink. Put in the ink some nails or old steel pens, and the acid will exhaust itself on them, and the pen in use will not corrode.

WILL DEMAND RECOGNITION

NEW GERMAN GOVERNMENT WILL INSIST ON ALLIED RECOGNITION.

By the Associated Press

BERNE, Switzerland, Feb. 13.—As the result of a long conference between Mathias Erzberger, member of the German armistice commission, and various ministers in Berlin Monday it was decided, according to the Frankfort Zeitung that Erzberger will demand that the allies recognize the new Berlin government when he meets the entente chiefs to negotiate for armistice renewal.

LEAGUE OF NATIONS PLAN

COMMITTEE HAS REPORTED ALMOST READY TO SUBMIT TO PEACE CONFERENCE.

By the Associated Press

PARIS, Feb. 13.—The Commission on Society of Nations resumed its session at 10:30 o'clock this morning with full attendance to receive the report of the drafting committee. It was hoped to reach a final adjustment at today's sitting. If this hope is realized it may be possible to submit the plan Friday.

Sellers-Knight.

Mr. Walter Sellers and Miss Alice Knight were united in marriage at the Presbyterian manse Wednesday afternoon at 4:30. Both parties were from Mt. Pleasant, Texas, but the bride had spent the past month here visiting Mrs. Lamb. They left for Mt. Pleasant after the ceremony and will make their home there.

Attention, O. E. S.

The Eastern Star chapter will hold its regular meeting this evening. A full attendance urged.

We gather from Judge Williams' statement that it was fear of scandal which prevented him from visiting the girls' wayward home as governor. It probably never occurred to the governor that he might have taken a chaperone with him.—Tulsa World.

The good roads question has been a knotty one for Pontotoc county and it has not yet been solved. The newly organized good roads association expects to give a close study of the matter from every angle and push every plan that has any promise of success in improving the roads of the county. To this end every friend of the movement, whether now enrolled as a member or not, should attend the meeting at the court house tomorrow afternoon and lend a helping hand. Your presence will in itself be an encouragement to the men who are working for better roads.

A row has been precipitated at Wagoner by an order from the school board to take from the walls of the high school portraits of Jefferson Davis, Lee, Wheeler and other heroes of the Confederacy which were placed there by the Daughters of the Confederacy ten years ago. By way of excuse for this action the board has ordered that the portraits of Wilson, Pershing and other men of the day be substituted. It is proper that these should be there, but citizens of Wagoner of southern birth are protesting vigorously against removing the others. No one has suggested that the pictures of Washington, Lincoln and others be taken down, according to the report. It occurs to us that this action is without justification. Why men of the type who fought for the Confederacy should be blacklisted is beyond us. No finer types of American character could be found and the day of the bloody shirt has passed. It is to be hoped that the school board of Wagoner will reconsider this action and not stir up bitter feeling by such display of sectionalism and narrowness.

AN APPOINTMENT THAT SHOULD NOT HAVE BEEN MADE.

From New York Times.
As a clinical diagnostician Mr. William Allen White won his earliest and greatest fame some twenty-two years ago by his celebrated inquiry, "What Is the Matter With Kansas?" His diagnosis was thorough and with an unerring finger he pointed out the ills from which Kansas was suffering. The State was afflicted with Populism, a milder form of Bolshevism. The Populists murder, the Populists were simply silly. They wanted, while Lenin's disciples rob and slay. Mr. White, therefore, has some of the qualifications of an expert in respect to the malady from which Russia is now suffering. He has some evident fitness to serve as one of the two representatives of the United States upon the committee that is to meet Mr. Lenin's representatives in conference on Princes' Islands.

The appointment of Mr. George D. Herron as the other representative of the United States is a very different matter. As a teacher of the extreme doctrines of socialism and of the loose views of the marriage relation which so many Socialists hold, Mr. Herron has been in close sympathy with the principles which have guided Lenin and Trotsky in their war upon capitalism and upon society. Mr. Herron is to be accounted rather an exponent

of Bolshevik opinion than of the American opinion upon questions which must come up for discussion in the conference. That is enough to condemn his appointment as one not fit to be made.

But he should not have been named as a member of the committee because he is not a person who at any time or upon any occasion could properly represent the people of the United States of America. This is one of considerable number of appointments to administration service in Washington and elsewhere in respect to which it is fitting that a serious protest should be made. The American people have no liking for the theories of socialism. The selection of persons like Mr. Herron, and of others who have been chosen for conspicuous posts in the war service of the Administration, is approved in this country chiefly by those who are active in the socialistic cause or in sympathy with it. These appointments are widely condemned, there is a feeling that they tend to give encouragement to the agitators and plotters who in many parts of the country are stirring up labor troubles or advocating the overthrow of our governmental institutions. Inasmuch as 30,000,000 Americans, more than a quarter of the population of the United States, are holders of bonds issued by the government, it is impossible to imagine that official recognition and favor extended to representatives of a cult that would overthrow the government and destroy the existing order of society can be viewed with general approval.

To millions of friends and supporters of the president appointments of this class have been a cause of regret and uneasiness. They cannot be defended, they are not understood. In naming Mr. George D. Herron to confer with the Bolsheviks, and any other appointments objected to for like reasons, we fear the president has been guided by bad advisers. If it be too late to recall this and similar decisions, he should at least change his advisers.

GREAT FUTURE FOR NORMAL.

President J. M. Gordon and his faculty are looking forward to a great era in the history of the East Central Normal. When the war began, this Normal was the second in enrollment in the state, being surpassed only by the Central Normal at Edmond. On account of the patriotism of the students, so many of them going to war, the enrollment dropped to third place where it is today. With the boys coming back, it is natural to expect the enrollment to advance rapidly.

Those familiar with the internal workings of the school say it is in the best condition in its history. President Gordon has made a record in the educational work of Oklahoma probably never surpassed. His thorough scholarship, coupled with an unusually strong executive ability, has enabled him to make the Normal efficient and popular. In the years to come he plans to build the greatest normal school in the Southwest, not alone in numbers but in efficiency as well.

Don't neglect signals of distress in the kidneys. Backache, nervous disorders, pale complexion, dark rings about the eyes, mean kidney trouble. Begin promptly taking Prickly Ash Bitters; it is a kidney remedy of the first class. Price \$1.25 per bottle.—Gwin & Mays Drug Company, Special Agents.

TWO CENTS

For a Fresh-Fruit Dessert in Midwinter.

Local grocers are now offering a new type of gelatine dainty. The name is Jiffy-Jell. Each package contains a bottle of highly condensed fruit-juice essence. Add boiling water to the Jiffy-Jell, then this fruit-juice essence, and you have a real-fruit dessert.

This fruit essence is made from the fresh, ripe fruit, and right where the best fruit grows. One little vial contains all the essence from half a ripe pineapple—just to flavor one dessert. Another little vial contains the condensed juice of 65 big Loganberries. So Jiffy-Jell desserts taste just like fruit-made dainties. Yet a package to serve six people or more costs only 12½ cents.

This low cost is due to the Jiffy-Jell method. They crush the fruit and condense it. Thus a little vial contains all the essence of considerable ripe fruit, saving transportation. You get the delights and the healthfulness of fruit, just as though you served fresh fruit. And its costs but a trifle—right in midwinter, when you need fruit most, and when fresh fruit is so high.

Jiffy-Jell itself is a high-grade gelatine powder, ready-sweetened, in proper color and acidulated. So you make the dessert in a jiffy by simply adding boiling water.

There are ten of these bottled flavors, and eight of them are fruits. One is mint flavor for making a mint jell. One is lime-fruit flavor for making tart, green salad jell. Grocers say that the favorite flavors for desserts are Loganberry and Pineapple.

It is said that Jiffy-Jell with these true-fruit flavors is one of greatest successes in the food line in some years. It has won millions of users already.

DAILY HEALTH TALKS

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

EAST CENTRAL LOSES TO CENTRAL FIVE

What many basketball enthusiasts expected to be a complete walk over for the Central cagers proved to be a real basketball game last evening in the Normal gymnasium. With only three weeks practice and two of his regular players out of the game, E. C. Wilson sent a team on floor that showed up well against the Edmond five, trained for two and three years and in the pink of condition. The score of 44 to 15 does not indicate the showing made by the local teachers. Spurts of speed and team work now and then took the visitors off their feet. Long practice, however, was too much for the inexperience of the Ada boys and told in the long run.

The East Central boys are making rapid progress. The game last night was by odds superior to that put up against the Roff five a few nights ago. The next game is Saturday night against Okmulgee high school, and those who are following the playing of the locals believe they will start a string of victories.

The Central team is strong and handles the ball well. On the whole, they played clean ball and fast.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

LIBERIA, RESOURCES AND GOVERNMENT

Following is an account of G. W. Washington, a colored citizen of Stonewall, of his voyage to Liberia, and his views relative to settling American colored people in parts of Africa.

I visited Liberia in 1907, arriving at Monrovia the capital, Dec. 26, spending two months and a half in the Republic, prospecting its agricultural, political and climatic conditions. Liberia is an absolute colored government, being strictly modeled after the United States, having its three departments, with a president and cabinet who presides four years. The political parties are Whig and Republican.

The climate of Liberia is tropical but not extremely hot as you might imagine. There are six months cool weather and six months hot weather, the late evenings and nights are usually cool and pleasant. Some distance back from the coast the altitude is of sufficient elevation as to warrant good health, if proper sanitary and hygienic care are observed. Liberia is a very fertile country. Its agricultural products consist of everything essential to mankind. Coffee, tea, palm oil, sugar, rubber, ivory, animals, cotton and condiments are exported in large quantities.

Liberia's natural resources are bountiful. Its gold and iron mines, its rich fields of coal and marble, its beautiful rivers and valuable timber rank among the best in the continent of Africa. The population is about three million, the most of whom are former slaves of the United States or their descendants—a small per cent being from the West India islands and some of the South American republics. The people in general of Liberia are highly cultured, intelligent, dignified and cultivate the higher principles of classification. There are many African tribes in the bounds of the republic, and the greater per cent of them are speedily reforming from their tribal traditions and taking up the civilized customs and habits of the Liberians. It is no uncommon thing to see a full blood African teaching school, preaching or holding a prominent position in the government. Liberia is a beacon light to the many heathen tribes in the Land of Ham. Ice, snow nor frost are never visible in that part of Africa, hence two crops a year can be raised. This government will never do right until it places our race back in that country. It would be a blessing to both races and pleasing to the God of all. Liberia consists of four states: Monrovia, Sino, Bassar and Maryland, and many flourishing towns and two cities. Its area is about 40,000 square miles. As a colony Liberia was established in 1822 and declared its independence as a nation in 1847. Homesteads are granted free to immigrants; adults 40 acres, children 10 acres each. You can buy land there from \$1.00 to -1.50 per acre. It seems to me that this is an opportune time for the United States to acquire territory in the "Dark Continent" which could be utilized by our people to a great advantage to this nation. Such a plan would be a blessing to our race and would be a wonderful source of revenue for this government. I expect to return to Liberia next December to make it my home.

COLBERT NEWS.

We are having real cold weather at this writing. I hope it will fair up so people can go ahead with their farming.

Mr. Jennings McAnally and wife have the flu this week.

Miss Ona Balthrop spent Wednesday night with Miss Emma Dodd.

Mrs. Burleson was the guest of Mrs. Mat Earnest last Sunday.

Miss Eunice McAnally is staying with Mr. Jennings McAnally and wife while they have the flu.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand in sealed packages.

PARISH CHAPEL PICKUPS.

We are having beautiful spring weather now, and the farmers are taking advantage of it by busily preparing their land for the coming crop.

Misses Vivian Ledford and Alva Isaacs were the guests of Miss Gertrude Pennington Sunday.

Miss Estelle Lamb was the guest of Miss Hazel Horton Sunday. They went kodaking and reported making some good looking pictures.

Roy Tucker was calling on Marvin McCurdy Sunday.

Mr. and Mrs. Oscar McCloud and family were visiting E. Dryden and family Monday.

Quite a crowd of young people from Ada visited in the Moss home Sunday.

Miss Myrtle Horton was visiting her cousin Miss Ruth Horton of Ada Saturday and Sunday. Miss Ruth returned with her Sunday evening and spent Sunday night and Monday.

We are glad to report that although Mrs. E. Canner has been very ill with the flu, she is now getting along nicely. We also hope she will have a speedy recovery.

The pie supper at Parish Chapel last Monday night was well attended. The pies sold for the sum of \$21.15 and the pie for the best looking girl for \$54.15, altogether being \$75.30, which will be used to purchase a Victrola for the school. Miss Myrtle Horton, the teacher at Parish Chapel, was paid the tribute or compliment of the pie for the best looking girl. Miss Gertrude Pennington also got a lot of votes. The votes for Miss Horton only being a few more than Miss Pennington's.

Prayer meeting at the Chapel every Wednesday night. Come everybody and bring some one else with you.

Bro. Bonds preached a good sermon last Sunday night, which was enjoyed by all.

John Willoughby and family were visiting R. Willoughby Sunday.

Miss Oma Ledford was the guest of Miss Bonnie Carroll Sunday.

Edgar Thompson was visiting relatives at Ada Saturday and Sunday.

We are glad to report that Lee Mole, who has been in France has returned home. Mr. Mole was wounded by a shot through the ankle which is not entirely well yet. We are glad to have Mr. Mole home again, and hope for his speedy recovery.

Alva Pennington who was discharged from Camp Funston, Kan., a few days ago, is also home. We are glad to see the boys coming in. They are welcome to the Chapel.

Fruit-Juices In Vials

Jiffy-Jell flavors come sealed in glass—a bottle in each package. Each is rich essence, condensed from fruit juice.

Add boiling water, then this essence, and you have a real-fruit gelatine dessert, and at trifling cost. You should know this fruity dainty.

Jiffy-Jell

10 Flavors, at Your Grocer's
2 Packages for 25 Cents

STEEDMAN.

Some fine weather, although somewhat cold.

There was some excitement last Friday when C. A. Hiney, the M. O. G. pumper, found a note on the pump house door and some clothes nearby. Later it was said they were Arthur Kelly's and that his body could be found in the reservoir or pool. The people around here dragged the lake up to Sunday when most of the men began to doubt his being drowned. There was talk of shooting the lake but an officer from Allen advised against it.

J. O. Owen, the blacksmith, has bought the Walter Ford place from H. F. Cozad.

Walter Odom is helping at the depot now as the agent is on the sick list.

Not so much sickness has there been, only a very few cases of the flu.

The three daughters of Lee Price are visiting their uncle, W. A. Price.

Mr. Stevens has opened another blacksmith shop.

W. L. Odom has been on the sick list for several days. PIONEER.

KNOX.

Kidney disorders cause much distress of mind and body. Such ailments should not be neglected because they lead to diseases that are dangerous. Prickly Ash Bitters is a fine kidney tonic. It strengthens the kidneys and purifies the stomach and bowels. Price \$1.25 per bottle.—Gwin & Mays Drug Company, Special Agents.

We are having some nice farming weather at present.

Brother Bess preached Sunday. There were several attended.

Nellie Lancaster visited Emma Carroll Sunday.

Mrs. Cassidy and Mrs. Jackson visited Mrs. Cassidy's mother the latter part of the week.

Lena Jackson spent the afternoon with Vinnie Glover Sunday.

The death angel visited the Nelson home Thursday, taking away Mrs. Nelson. We all sympathize with Mr. Nelson's family.

Alice Heart is very ill with flu at present.

Lena Jackson entered Stauffer's business college at Ada Monday.

Mattie Carroll visited at home Saturday night and Sunday.

Leora and Jewel Leeright were expecting a friend of theirs from Stratford.

Brother Bess will preach the second Sunday in March.

B. M. Scott and wife spent Saturday night and Sunday at B. M. Oliver's.

Ray Choat is visiting relatives.

Am going to sell modern 5-room house on East 10th street. Worth the money. See me.—A. B. Blanks. 2-6-6t.

CLAIMS CREDIT FOR NOMINATING HAYES

By the Associated Press

COLUMBUS, O., Feb. 13.—The man who claims the honor of being chiefly responsible for the nominating of Rutherford B. Hayes for president believes there still is enough political acumen in him, regardless of his 71 years, to be a major factor in nominating and electing Republican presidents again and is offering his services.

He is "Private" J. M. Dalzell, soldier, lawyer, writer now serving as first assistant sergeant-at-arms of the Ohio House of Representatives. For two years he has been making his home at the National Soldiers' Home at Dayton, because, he says, "an old man has no business hanging around the chimney corner where young folks live."

He says it was the old soldier vote and the votes of their sons and others influenced by them who elected the new Republican congress and that if he is elevated to a position of importance in the ranks of the party his influence will be such that he can insure millions more votes for the Republican candidate for president in 1920.

It was the resolution condemning the third term as undemocratic and un-American in principle which Dalzell introduced in the Ohio legislature and forced its adoption which crystallized sentiment and resulted in the defeat of Grant for the nomination for a third term, Dalzell asserts. Through this maneuver Dalzell asserts, Hayes' nomination was clinched.

With Hayes for the presidency in mind, Dalzell held a reunion of veterans at Caldwell, O., his home, at which about 30,000 attended, among them being General W. T. Sherman. At this reunion, a boom for Sherman for president was launched. Sherman declined to be a candidate and in making such declaration in a letter to Dalzell from St. Louis, suggested the name of Hayes, then governor of Ohio. Sherman's suggestion then was taken up by the veterans with such good effect that he was nominated and elected, Dalzell declares.

"Private" Dalzell was born in Pittsburgh and was attending Washington College when he enlisted. After the Civil War he completed his education at Columbia, now Washington College, Washington, D. C. He studied law under Solomon P. Chase and practiced law at Caldwell for thirty years. He served two terms in the Ohio legislature until a few years ago he held a clerkship in the treasury department at Washington.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

Neolin Soles

BULGARIANS ROBBED SERBIA BY WHOLESALE

NISH, Serbia, Jan. 2.—(Correspondence of the Associated Press)—Bulgaria, during its occupation of Serbia, found the country not only an abundant source of food and material but also of considerable revenue. Bulgarian officers exacted large sums of money from the civilian population for what they considered special privileges. For immunity from deportation, for example, some Serbians were forced to pay the Bulgars as high as 25,000 francs. Other Serbian civilians paid large sums that their daughters might not be molested, say the Serbians.

Seven thousand francs was the price paid by Nake T. Pasitel, wheat merchant in the town of Bel Palanka near here, to prevent the seizure by Bulgarian soldiers of his daughter, twenty years old. Pasitel's son, seventeen years old, had been deported by Bulgars and died of starvation in an internment camp.

Peter Goshitch, a banker of the same town, paid six hundred francs for the release of his daughter who had been taken from her home by Bulgars and held at Nish five days. This young woman's husband, who was a priest, was killed by Bulgarians a short time before, it is charged.

From five hundred to twenty thousand francs was the tax put upon Serbians who desired freedom to move about, and from this source the Bulgars reaped a rich harvest.

In almost every one of the dozen towns visited by The Associated Press correspondent the same story was told. In the town of Pirot, Ivan Slavkotic a rug dealer, gave twenty thousand francs to the Bulgars for permission to carry on his business, but persons not able to purchase immunity from persecution were punished.

In many places the Serbian people were forbidden to speak the Serbian language or sing Serbian songs. In Pirot, part of the old Serbian prefecture building was used as a prison for civilians who revolted at the Bulgars' treatment. In a room visited by the correspondent, the floor was spattered with blood. Local inhabitants testified that Bulgars had slaughtered many Serbian civilians there.

HANDSOME SALARIES FOR GERMAN OFFICERS

By the Associated Press

MUNICH, Feb. 13.—The conservative Center or Catholic organ of Bavaria, the Courier, which since the revolution has made a feature of the cost of the new government, takes delight in printing, with appropriate comment, the salaries of the employees of the Central government in Berlin as somewhat reluctantly announced by People's Deputy Landsberg before the National Council of Workmen and Soldiers' Councils.

The forty-five members of the council to which Landsberg belongs receive \$12.50 a day, annually \$4,565 or, as the Courier points out, the equivalent of the salaries of over-presidents of courts; forty-eight confidential assistants and forty-two couriers are paid \$10 a day, annually therefore \$3,650, or as much as German senatorial and government presidents.

"Yes, we certainly have done well" remarks the Courier.

RETAIL CLOTHIERS ADOPT IMPORTANT RESOLUTIONS.

B. Scheinberg, who attended the meeting of the Oklahoma Clothiers' Association at Oklahoma City Wednesday, states that among other matters given attention the organization took up the question of the returning soldiers. A resolution was adopted memorializing the legislature to make an appropriation from which to give each returning soldier unable to find a position, six months' army pay.

Another important matter was the recommendation that a law be enacted requiring that goods be stamped to show whether they are all wool, part wool or cotton, such a law already being in force in California and preventing dishonest dealers from imposing on the public with shoddy goods.

Mr. Scheinberg also stated that A. D. McMullen, president of the Retail Men's Credit Association of Oklahoma City, agreed to come to Ada and address the business men any time he may be invited.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By Rev. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1918, Western Newspaper Union.)

LESSON FOR FEBRUARY 16

THE TEN COMMANDMENTS.

LESSON TEXT—Exodus 20:1-17.
GOLDEN TEXT—Luke 10:27.
ADDITIONAL MATERIAL—Ex. 19: Lev. 19:11-18, 32-37; Matt. 5:17-48.
PRIMARY TOPIC—God gives his commandments to Moses. Memory Verse—1 John 4:8; Luke 10:27.
JUNIOR TOPIC—Giving commandments to the people. Memory Verse—Matt. 22:37-40.
INTERMEDIATE TOPIC—Jesus and the ten commandments.
SENIOR AND ADULT TOPIC—The commandments in modern life.

The ten commandments furnish us the world's greatest moral code.

I. The First Commandment (20:3). "Thou shalt have no other gods before me." Means literally, "Thou shalt have no other gods before my face." This commandment enjoins the obligation of single-hearted worship and service. It may be broken by (1) living for one's self. If life's activities center in self then one is an idolater. (2) Making pleasure the goal of living. (3) Being covetous (Col. 3:5). Every one who is greedy for gold is an idolater. (4) Actually worshipping idols.

II. The Second Commandment (20:4-6). While the first commandment is directed against false gods, the second is directed against the worship of the true God under false forms. It can be broken by (1) the use of images in worship; (2) putting sinful man in the place of Christ; (3) putting God's ordinances and institutions in the place which he alone should have.

III. The Third Commandment (20:7). The Hebrew word "vain" translated means lying, deceptive, unreal. "Guiltless" is from the word meaning clean, unpunished. The meaning is that God will not hold to be clean and will not allow to go unpunished him who uses his name in a lying, hypocritical manner. This commandment may be broken by (1) profanity, (2) perjury, (3) levity and frivolity, (4) hypocrisy, which is professing to live for God yet living for self.

IV. The Fourth Commandment (20:8-11). The command to work six days is as binding as to rest on the seventh. The resting one day in seven applies to servants and horses as well as to the man and his family. This commandment may be broken by (1) living in idleness, (2) working on the day set apart for the worship of God, (3) engaging in carnal pleasures on the Lord's day.

V. The Fifth Commandment (20:12). This commandment rests upon the fact that parents stand to their children in the place of God. It may be violated by (1) disrespect to parents, (2) disobedience, (3) failure to give proper care in old age.

VI. The Sixth Commandment (20:13). The sanctity of human life is due to the fact that man was created in the likeness and image of God. This commandment may be broken by (1) sinful anger (Matt. 5:22), (2) hatred (1 John 3:15), (3) neglect of means to preserve life, (4) oppression of the weak, (5) suicide, (6) infanticide (7) unrighteous wars.

VII. The Seventh Commandment (20:14). The sin which strikes at the home is most deadly, for it undermines the whole human fabric. It may be broken by (1) unclean imaginations, thoughts, and affections (Matt. 15:19; 5:27, 28), (2) unchaste conversation and wanton looks (Isa. 3:16; 2 Peter 2:14), (3) divorce, which is for the most part legalized adultery.

VIII. The Eighth Commandment (20:15). This strikes at the sin of theft. Many things are legally right but morally wrong. This commandment may be broken by (1) taking what belongs to another, (2) false weights and measures, (3) extortion, (4) usury, (5) "graft," (6) making assignments to escape payment of debts.

IX. The Ninth Commandment (20:16). The unflinching test of a man's religion is the use he makes of his tongue (James 1:26; 3:2-8). This commandment may be broken by (1) open lying, (2) perjury, (3) slander, (4) talebearing, (5) breach of promise, (6) withholding truth, (7) flattery.

X. The Tenth Commandment (20:17). This commandment strikes at the desire for things which belong to another. It applies not merely to the open violation, but to the very purpose of the heart.

Religion Worth Having.

A religion that cannot be brought into every phase of life is not worth having; and the affairs of life that cannot be maintained side by side with Christ's teachings ought to be scrapped without delay. And until the brotherhood movement rises to its responsibilities and makes these facts plain, it will fail to be the power it may be its privilege to become.

A Real Cure.

Progress is the cure for an over-estimate of ourselves.—G. Macdonald.

SHOE SITUATION AT MUNICH IMPROVES

By the Associated Press

Munich, Jan. 13.—Munich's scarcity of shoes, which was getting serious when the war stopped, has improved sufficiently so that during the next six months there will be available a supply large enough to fit out 75 per cent of the population with one pair for each person. Shoe dealers have demanded the suspension of the card system for shoes, whereby a person was entitled to one pair a year. The dealers find themselves well loaded up with military shoes, for which there is little demand now, and will attempt to unload them at the government-fixed price of \$8 a pair.

Seagulls Foretell Weather.

It is a widespread belief, both in Scotland and in Ulster, that "Seagull sit on the sand. It's never good weather while you're on the sand," alludes to the fact that when the birds fly out early and far to sea ward, or remain on the sand, fair weather may be looked for; while they take a contrary course storm most frequently follow.

Beginning of Pittsburgh.

November 25 is the anniversary of the raising of the English flag over the ruins of Fort Duquesne in 1754. The place was then named Pittsburgh, in honor of Britain's famous prime minister. It owes its great growth to its proximity to coal and iron fields of vast magnitude.

Let flowers be your valentine.—Ada Greenhouse. 1-10-5t

ANOTHER WELL IS BROUGHT IN

PIPE LINE FROM ALLEN FIELD CONTEMPLATED TO HANDLE PRODUCTION.

The Texas Co. has brought in another well, No. 6, on the Roddie farm in the south end of the Allen field. Its yield will not be known until the well is shot, which will be at once.

The superintendent of production was in Allen today to take up the proposition of a pipe line to Stuart connecting with the line to the gulf. The production of the field now exceeds the capacity of the refinery at Allen, which is 1,000 barrels per day, and tankage being hard to get, it is probable that the pipe line will be built. The field is being gradually extended and the production increased.

The Humble company is making a deep test. A good sand was struck at 1410 feet, but it was decided to go deeper. Salt water was encountered at 1600 feet.

Some improvements are being made on the roads from Allen to Francis and Ada, but weather conditions have retarded the work.

MORE SOLDIERS TO BE DISCHARGED

WASHINGTON, Feb. 13.—Col. J. R. McAndrews of the army general staff said tonight that his statement in New York Monday night regarding demobilization of the soldiers in service in the United States had been erroneously construed to mean that there would be no further discharge for several months of such soldiers. "A gradual reduction will continue to be made in all units and utilities in the United States," said Colonel McAndrews, "by discharge of men as rapidly as their services can be dispensed with."

The London Times.

The London Times was founded on January 1, 1788, by John Walter, who started a small newspaper, originally called The Daily Universal Register, the first number of which was issued on January 1, 1788. This was really not in name, the first number of the Times. The 940th number, which appeared on January 1, 1788, was for the first time entitled The Times, or Daily Universal Register, but the second title was dropped on March 1 of that year, since which the paper has been known as The Times.

"Side Line" All Right.

Those women who can do something should not be ashamed to be up and doing it. There is a dignity attached to all honest labor, no matter how ordinary or commonplace it may be, and those of us who are qualified to help out at home will feel better and stronger—providing, of course, our family will in no way suffer as a result—be up and at our honest "side line."—New York Evening Telegram.

Danger Everywhere.

Little Millie's father and grandfather were Republicans, and, as she grew near, they spoke of their opinions with ever-increasing strength, never heeding Millie's wailing protests. One night as the little maid was preparing for bed she cast a furtive glance across the room and was seized by a frightened little voice: "Oh, mamma, I'm afraid to go to bed. I'm afraid there's a Democrat in the closet."—Organizer.

NEW ICE EMERGENCIES.

Edward's highest ambition was to some day be an engineer. He delighted in the workings of his electrical engines, and one day he undertook to explain the various parts to Janet. She listened indifferently and finally he became exasperated and said: "Oh, well, go on and play. I don't suppose you will ever be anything more than a mother, anyway."

Really "Quake Doctors."

A quake doctor is not a goose, but was originally a "quake doctor." The quake was called the quake and the uneducated persons who served as doctors in certain parts of England used to charm the quake away; hence arose the expression.

Stomach Trouble.

Edna, four, was going next door to her aunt. She was told by her mother not to eat anything while there as her stomach was upset. When she came in she said, "Auntie, mamma said I shouldn't eat anything because my stomach has tipped over."

Lines to Be Remembered.

The pursuit of perfection is the pursuit of sweetness and light. He who works for sweetness and light works to make reason and the will of God prevail.—Matthew Arnold.

Daily Thought.

Our high respect for a well-read man is praise enough of literature.—Emerson.

The funeral services of Clueral Green, son of John Green and wife, who live west of Ada, were held at Rosedale cemetery Wednesday afternoon at 4 o'clock, conducted by Rev. R. E. L. Ford.

Judge L. C. Lindsey returned this morning from Rich Field, Waco, Texas, where he was called by the serious illness of his son, Otis, who recently underwent an operation for appendicitis. For several days his condition was very grave and chances for recovery considered slim, but he is now on the road to recovery.

Closing out sale on trees. Special prices on large shade trees. A few fruit trees left. Yard at West 15th and Stockton. Ada Nursery, Phone 819, or J. H. Martin. 2-13-3t

Capt. Chas. L. Orr, formerly assistant county attorney, has opened up an office for the practice of law in the First National Bank building. He is already well known in this county, having spent a good part of his early life at Roff, and having been deputy county attorney for more than two years. While in the army he was Judge Advocate General and as such tried many cases.

Fireless Cookers That Are Safe.

Recently the national board of fire underwriters issued a caution against using wooden pails or tubs to make home-made fireless cookers. To eliminate the danger of fires from these valuable fuel savers, the department of agriculture advocates using ground-up asbestos in place of hay, paper or wool for packing in them. Additional safety may be attained by making the cooker from a tin can.

Their Need for Safety Pins.

An archeologist recently dug up a safety pin from the ruins of ancient Babylon. Judging from the pictures in the Babylonian section of the histories, however, it seems that safety pins were worn mostly by the grownups in those times.

Passed Away.

Notice in a country store—"We regret to inform our honored customers that our good and generous friend, Mr. Credit, expired today. He was a noble soul, always willing and helpful, but has been failing for some time. May he rest in peace. Pay cash."—Boston Transcript.

Drawing the Line.

"The fresh young man who always wants to 'start something,'" remarked the Observer of Events and Things, "draws the line when it comes to the morning fire in the stove."—Yonkers Statesman.

Some Rats.

Lantz makes the amazing estimate that the progeny of a single couple (of rats), if undestroyed, would number 20,000,000 in three years, and this number is even below the theoretic figures.—Scientific American Supplement.

Charles Carroll.

Charles Carroll was the last to survive of the 57 men who signed our Declaration of Independence. He lived until 1832, having reached his ninety-fifth year. He was the most eminent of the four men from Maryland, and was of Irish descent, the first member of the family to come to this country being also named Charles Carroll, who left England in 1689.

Good Ends Require Good Means.

No man can turn aside, ever slightly, from the broad path of honor on the plausible pretense that he is justified by the goodness of his end. All good ends can be worked out by good means. Those that cannot, are bad; and may be counted so at once and left alone.—Charles Dickens in "Barnaby Rudge."

Unhappiness in Power.

Power is detested, and miserable is the life of him who wishes rather to be feared than to be loved.—Nepes.

AVIATOR ASKS PERMISSION FOR TRANS-ATLANTIC FLIGHT.

CHICAGO, Feb. 13.—Flight from the United States to Europe will be started at once, Capt. B. B. Lipsner stated today, if Secretary of the Navy Daniels consents to the use of the mammoth navy seaplane NC-1, in response to a telegraphic request for the machine. Captain Lipsner formerly was in charge of the federal aeroplane mail service.

"I am ready to start tomorrow and have two of the best pilots in the country available if the request is granted," the captain said.

DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Perfect Calomel That Is Free From Nausea and Danger of Salivation.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest cure for a cold and the best preventive of influenza and pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose Calotabs, the new nausealess calomel that is freed from the sickening and salivating effects, is the most thorough and dependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they are free from the nauseating and griping qualities and do not upset the digestion and appetite. One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. Sold by all druggists and your money back if you are not glad you got them.—Adv.

ARMENIA'S DAY OF INDEPENDENCE

LONDON, Jan. 13 (Correspondence of The Associated Press.)—Armenia's Fourth of July is January 31. On that day a year ago her independence was proclaimed.

It was a critical and anxious moment when Armenia took her memorable step, General Arsene Torcom, leader of the Armenian military mission now here told a representative of the Associated Press. Harassed on all sides by Turks, Kurds and other hostile tribesmen, with Turkish troops preparing a big offensive in which the Tartars and Georgians were making ready to participate, with all communications cut and no help expected, Armenia's plight seemed helpless. But with unshaken confidence in the power of the Allies, to triumph in the end, representatives of the population gathered at the ancient city of Garine, better known as Erzerum, and solemnly proclaimed the independence of Armenia, comprising Great Armenia, Little Armenia and Cilicia, and formally put the country under the protection of England, the United States, France and Italy.

Shortly before noon a procession formed and marched to military headquarters where it was received by General—then Colonel—Torcom, chief of the Erzerum garrison. The procession was composed of citizens, provincial delegates, members of the Armenian Council of Defense, clergymen, educators, representatives of various Armenian committees, delegates from the Mussulman population, a Russian army commander, Lieutenant General Odehelidze, his staff, and the staff and line officers of the Armenian forces.

The tri-colored Armenian flag, made and presented by orphans of the town of Vaspouragan, was hoisted, and while the crowd was cheering, a salute of 101 guns was fired from the citadel.

Colonel Torcom, seated on a horse in the middle of a square formed by the Armenian soldiers, gave the command, "Present Arms." Then, saluting the flag with his sabre, he read the act of Independence.

The proclamation sketched the early history of Armenia, recounting the country's struggles and sufferings at the hands of the Turks and declared: "Armenia has been waiting during 550 years, suffering and bathed in blood, for the hour of its final deliverance. Today that hour has at last struck."

General Torcom plans to visit each of the principal Allied nations and to go to the United States in the spring. To the correspondent, he said:

"It is, I hope, only a question of weeks, perhaps of days, before the independence of our country is recognized by the Allied powers."

ADA NORMAL TO PLAY DURING BOYS SOON.

E. C. Wilson, coach of the East Central basketball teams, announces that four games have been arranged with the team from the Durant Normal. The first two games will be played in Durant on February 24 and 25, and the return games will be played in Ada during the big teachers' meeting here on March 7 and 8. So far as can be learned, the two teams are about evenly matched.

AT THE PLAY HOUSES

AMERICAN.

Lina Cavaliere is the star in the Paramount drama, A Woman of Impulse. This actress is one of the most noted of the modern stage and in this story she gives much food for thought for both married and single. All Paramount pictures are good, but this is far above most of them.

LIBERTY

The Social Follies will present the farce comedy playlet, Whose Baby Is It, featuring Rube Ferns and Grace Connelly. The picture program presents the Bluebird drama, Set Free, with Edith Roberts in the lead.

COURTS CONFLICT ON DRY LAW OF TEXAS.

AUSTIN, Texas, Feb. 13.—The state-wide prohibition law has been held unconstitutional by the court of criminal appeals and constitutional by the court of civil appeals, two high Texas courts of equal jurisdiction.

The court of civil appeals today upheld the constitutionality of the law in granting an injunction restraining John Ford, a saloon keeper near El Paso, from selling, shipping or transporting liquor. The court of criminal appeals has ruled that the law is unconstitutional in the selling feature.
